

# FEUERGRAF HOLZSPALTER

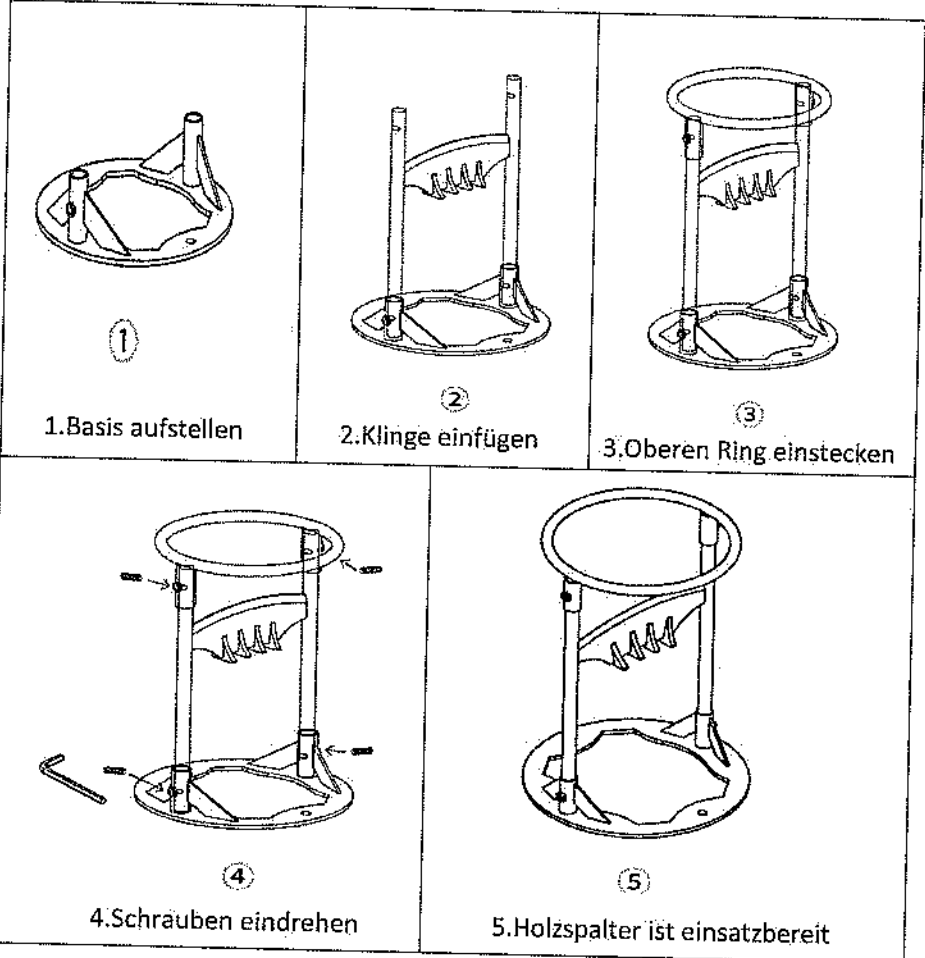

## Schärfen der Klinge:

- Nutzen Sie den beiliegenden runden Messerschärfer, um die Klinge des Holzspalters zu schärfen.
- Legen Sie diesen vor Gebrauch bitte für ca. 2 Minuten in Wasser ein.
- Schärfen Sie die Klinge nun in Kreisbewegungen mithilfe des Schärfers in einem Winkel von 20-30 Grad bei der Klinge.
- Wiederholen Sie den Vorgang, bis die Klinge wieder scharf ist.

## Gebrauchsanleitung:

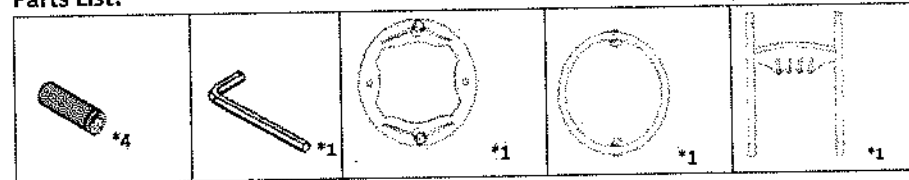

# FEUERGRAF WOOD SPLITTER

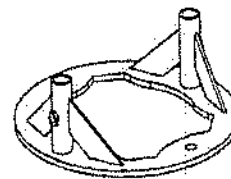

## Sharpening the Blade:

- Use the provided round sharpening stone to sharpen the blade of the wood splitter.
- Before use, soak the stone in water for about 2 minutes.
- Sharpen the blade using circular motions with the sharpener at a 20-30 degree angle to the blade.
- Repeat the process until the blade is sharp again.
